# **XXXV DAE Sports & Cultural Meet : 2019-20**

## **Carrom Tournament**

**March 16<sup>th</sup> to 20<sup>th</sup>, 2020**

**RRCAT, Indore**

## About RRCAT

Raja Ramanna Centre for Advanced Technology (RRCAT), an R & D unit of Department of Atomic Energy (DAE), Government of India is working in front line areas of Lasers, Particle Accelerators & related technologies. RRCAT was established on February 19, 1984 and its' campus is spread in over 760 hectare on the outskirts of Indore city. The centre is pioneering the development of variety of laser systems and their utilization in diverse applications viz. Industry, Medicine and Research. The laser systems are also effectively used in demanding applications related to nuclear power reactors. The centre has also the distinction of mastering the technology of particle accelerators. It's two indigenously developed Synchrotron Radiation Sources, Indus-1 (450 MeV) and Indus-2 (2.5. GeV) are running in round the clock mode and serving as a national facility to cater the needs of various research and academic institutions.

## About Indore

Indore is the largest and most developed city in Madhya Pradesh state in central India and is situated on Malwa plateau. Indore is one of the few cities in India which is having both an IIT and an IIM. Indore has been awarded as the Cleanest City of India for last three consecutive years by the Government of India under Swachh Survekshan 2017-2019. RRCAT Colony has been awarded the cleanest residential colony of the city by Indore Municipal Corporation, which makes us feel proud about holding this event in the cleanest part of the country.
